7th International Conference on Advances in Solidification Processes

June 10-13, 2025, Madrid, Spain

We are pleased to announce ICASP-7, the **7th International Conference on Advances in Solidification Processes**.

The ICASP conference series is a preeminent forum for researchers to discuss the **latest advances and future directions in solidification science**. After highly successful previous editions in Sweden (2005), Austria (2008), Germany (2011), UK (2014), Austria (2019), and France (2022), ICASP-7 will be held on June 10-13, 2025, at the Universidad Politecnica de Madrid – Retiro Building, in Madrid, Spain.

ICASP-7 will cover all aspects of research and applications related to solidification. It will be a **great opportunity for researchers and engineers from academia and industry to exchange on recent advances and to discuss outstanding challenges in the field of solidification**. The topics covered by the conference include, but are not restricted to:

- Casting, welding, additive manufacturing, remelting processes, ...
- Microstructure formation & evolution in solidification processes
- Thermodynamics & kinetics of solidification & phase transformations
- Nucleation and grain refinement
- Heat & mass transfer (fluid flow, solute transport, ...)
- Thermomechanics (stresses, deformations, ...)
- Defects (hot tearing, shrinkage, porosity, segregation, ...)
- Experimental & characterization methods (e.g. in situ, operando)
- Theory, modeling and simulation methods across scales
- Thermophysical properties measurements & calculations
- Liquid metal processing

We are expecting from **200 to 300 top materials scientists and engineers**, experts in **solidification processing** (casting, welding, additive manufacturing, etc.) and **physical metallurgy** (alloy design, etc.). **Industrial participants** will also attend and **display their latest products and innovations**.

Besides exciting scientific interactions, at ICASP-7 you will find a lively networking evening, ideal for making new connections, exchanging with academic and industrial leaders in the field, as well as for demonstrating your latest products.

In this document, you may find the different sponsorship options that we offer for you to advertise, demonstrate, network, and make the most of the conference. Original ideas and suggestions from potential sponsors are also welcome – we will do our best to accommodate your needs.

For more information or inquiries, please reach out to the conference secretariat (info@icasp2025.org) or to the conference chair (damien.touret@imdea.org).

We are grateful for your support to the conference and to the community.

Looking forward to seeing you in Madrid in June 2025!

About the conference venue

ICASP-7 will take place at the **Retiro building** of the **Universidad Politecnica de Madrid**, in a **convenient** and **central** location just across the street from Atocha central train station (directly connected by train to Madrid Barajas airport), and a stone throw away from the Retiro Park, the Prado Museum, and a multitude of hotels, restaurants, and cultural highlights of this vibrant European capital. The venue, conference schedule, and social programme will provide **ample opportunities for networking and discussions.**

EXHIBITION

Meet your customers

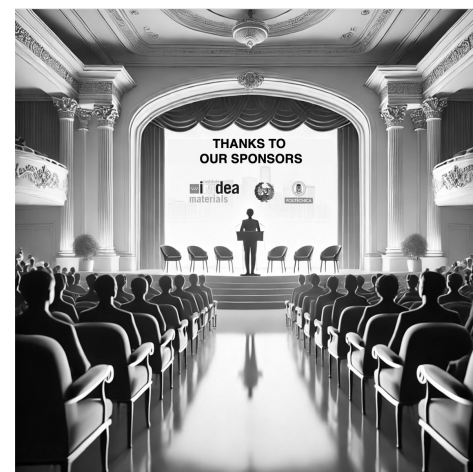

The best way to directly interact with your customers. Areas will be set in **prime locations in the venue**, like the main entrance (*Platinum package*) and high traffic areas (*Gold package*). With coffee and lunch catered outside in front of the building, **all conference attendees will walk by the exhibits several times a day**. Exhibitors will be announced prior to the conference in 2 **newsletters to all attendees**. Exhibition packages also include 1 or 2 **badges for the conference, including banquet dinner**, and all benefits from *Visibility* packages.

ADVERTISING

Capture the attention

Achieve maximum visibility, whether or not you attend the event. Affordable *Visibility packages* give you the opportunity to reach all attendees by displaying your **logo** on the conference **website**, printed **programme**, and **sponsor acknowledgement slide** presented during the plenary opening and closing sessions. A presentation will also be included in a **newsletter to all attendees**. The *Silver package* will also include **promotional material included in the conference bag** and a **slide of your choice on rotation in the rooms** during breaks.

EXCLUSIVE PACKAGES

Get your name in everyone's hands

Exclusive packages give you the opportunity to **stand out by sponsoring a given event, item, or award**.

By sponsoring the **conference bag** (recycled cotton), **badge lanyard**, or **notebook and pen**, you will have your logo (and yours only) printed on items distributed to every single attendee.

By sponsoring **coffee breaks**, you will have your logo (and yours only) printed on every (recycled and recyclable) paper cup used during breaks (twice a day) as well as your roll-up banner on display next to the coffee stand during the break.

By sponsoring **awards**, you will have your logo printed or engraved on the awards distributed during the gala dinner. You may also participate in the award ceremony, delivering a short speech before giving out awards. Awards will be attributed for best graphical abstracts from students and best posters. Donations will support student travel (registration waivers) and organizing the poster session, and they will be highlighted as such in the opening ceremony and award ceremony.

- Exclusive packages **are limited to one sponsor per package** (except *coffee break* limited to 2).
- Each exclusive sponsorship **automatically includes a Bronze visibility package**. Sponsoring two or more exclusive packages qualifies for **Silver visibility package**.
- **Award packages** include **one full registration with banquet dinner**.
